To excuse an absence, the student's parents/legal guardians should call the attendance office or send a written note with the parent's legal guardian's signature and contact number to notify the school regarding the reason for the absence. **After five days of absences, a written statement from a physician is required to excuse the absences.** The attendance clerk will follow Board Policy in determining whether an absence is excused or unexcused. The final decision for approval will rest with the school Principal.

Advanced Leave Absences

Students may be granted up to five excused absences for family leave. **To obtain family leave, the student should see the attendance clerk at least five days in advance to obtain the necessary paperwork.**

Excused Absences

Documentation must be filed with the principal's office within three days of the absence.

Excused absences may be given for the following reason:

1. Death in the family or other bona fide family emergencies.

2. Absent from class without parents' or legal guardians' knowledge and/or permission.
3. Absent from class without teacher knowledge and /or permission.

Students who leave **earlier than** 15 minutes before a class is over, will be held to the same School Board Policy standards as absences.

Attendance Appeals

A parent or student may appeal an unexcused absence within five days by notifying the principal in writing.

Tardiness

Each student is responsible for regular and punctual class attendance. Students must be inside the classroom by the end of the ringing of the tardy bell in order not to be considered tardy. The teacher will determine if a tardy is excused or unexcused. Students who are less than five minutes late to class shall be given a tardy (see p.10).

Leaving School during the Day

Before releasing a student from school, the principal or his/her designee shall establish the identity and authority of any individual who seeks the release of a student from school. **Once students arrive on campus, during regular school hours, students are not permitted to leave the grounds without permission from administration or without being checked out by authorized personnel.** Students shall only be released to a parent, legal guardian, or other authorized persons as noted on Parent Portal. Students may not check themselves out and walk home unless special arrangements by school officials have been made with the student's parents/guardians. Teachers may choose to require a student on school or administrative leave to complete work assigned in advance of the leave.

Make up work – Unexcused absences

Students are responsible for making up all work missed, including tests and exams, during an unexcused absence. If the unexcused absence is due to a suspension of one to three days, the student must contact his teachers for assignments upon return to class. Make up work must be completed within five school days. Parents/guardians of students suspended for more than three days are responsible for contacting the missed assignments. All work must be completed and returned to the classroom teacher upon the student's return to school.

Before releasing a student from school, the principal or his/her designee shall establish the identity and authority of any individual who seeks the release of a student from school. A student shall be released only to the parents or legal guardians or other person authorized by the parents or legal guardians on the student's electronic registration portal. The written request shall include an acknowledgment that the parent understands that the school will not notify the parent of excessive absences or tardiness if they allow their student this privilege. The written parental request may be waived by the principal in the event the principal determines through verification that the student is living on his/her own.

Unexcused Absences and Athletic Eligibility. If a student has had at least five (5) unexcused absences within a calendar month, or ten (10) unexcused absences within a ninety (90) calendar day period, the principal shall, unless there is clear evidence that the absences are not a pattern of non-attendance, refer the case to the school's child study team to determine if early patterns of truancy are developing. If the attendance child study team, after examining the student's attendance records and seeking input from the parent and the student's teachers, finds that a pattern of non-attendance has developed, they will notify the principal and/or designee who will then notify the student, parent, and athletic director that the student will be suspended from all extra-curricular activities until the end of the current grading period or until the student fulfills the terms of an attendance agreement (FHSAA Policy 9.2.1.1. requires regular school attendance).

The teacher and/or the principal may grant additional time for making up work if warranted by the individual situation. All assignments including tests and exams announced in advance of the student's absence must be made up on the day the student returns to school. Teachers have the prerogative to require a student on school or administrative leave to complete work assigned in advance of the leave.

Makeup Work - Unexcused Absences. Students are responsible for making up all work missed, including tests and exams, during an unexcused absence. If the unexcused absence is due to a suspension of one to three (1-3) days, the student must contact the teacher upon the student's return to class to make arrangements to make up within five (5) school days work missed. Parent(s)/guardian(s) of students suspended for more than three (3) days are responsible for contacting the school by the end of the third day of suspension and obtaining the missed work assignments. However, the student may not, under this provision, choose to drop the final exam grade unless the student's numerical score on the final exam is within 20 points on a scale of 1-100 of the student's numerical grade for the course prior to the exam unless the student has maintained an A or B average for both grading periods. These students must sit for the semester exam, but may choose to drop their exam grade regardless of the 20 point rule described above. A student may only drop a test which the student has taken or a project which the student has turned in for grading. This provision does not permit students to exempt the taking of tests or participating in projects. School Leave and Religious Leave shall not count as an absence for the purpose of this section.

Zero Tolerance

Any disciplinary action taken against a student who violates this zero-tolerance policy must be based on the particular circumstances of the student's misconduct.

Behavior Qualifying for Discipline based upon Zero Tolerance

1. Behavior which shall result in a 1-10 day suspension and may result in expulsion: possession,

sale, use or under the influence of any controlled substance under Chapter 893, Fla. Stat. any counterfeit controlled substance as defined by §831.31, Fla. Stat., model glue, other inhalant, or alcohol. However, a principal may, at his/her absolute discretion, reduce the length of the out of school suspension if the student is a first time alcohol or drug offender who possesses or is under the influence of any substance controlled under §893, Fla. Stat., or is under the influence of model glue or other inhalant or alcohol. **This option is only available to the principal for small amounts of a controlled substance which the principal determines is for the student's individual use and not for distribution, delivery or sale to other students.**

2. The Superintendent has the authority in drug or alcohol cases to offer the student an Alternative Placement in lieu of Expulsion under this policy.

3. Felony possession or sale, regardless of quantity, shall result in a ten (10) day suspension and may result in expulsion. Any student who is a first time offender who is subject to discipline or expulsion for unlawful possession or use of any substance controlled under Fla Stat. Chapter 893 may be entitled to a waiver of the discipline or expulsion:

a. If the student divulges information leading to the discipline or arrest of the person who supplied such controlled substance to him/her, or if the student voluntarily disclosed his/her unlawful possession of such controlled substance. Any such information divulged which leads to an arrest and conviction is not admissible in evidence in a subsequent criminal trial against the student divulging such information or

b. If the student commits him/herself, or is referred by the court in lieu of sentence, to a state-licensed drug abuse program and successfully completes the program.

4. Behavior which shall result in a ten (10) day suspension and expulsion and referral for criminal prosecution: ● Homicide (murder, manslaughter);

- Sexual battery;
- Robbery or attempted robbery;
- Aggravated battery;
- Battery or aggravated battery on a teacher or other school personnel;
- Kidnapping or abduction;
- Arson;
- Possession, use, or sale of any explosive device.

5. Behavior which shall result in a ten (10) day suspension, expulsion for no less than one (1) full year and a referral for criminal prosecution: ● Possession, use or sale of a firearm or weapon. This includes a firearm or weapon found in a student's vehicle, either at school or at a school sponsored event. The student shall be considered to be in possession of the firearm or weapon if it is determined by the principal, based upon evidence, that the student knew of the presence of the firearm or weapon in the vehicle. The School Board specifically waives the exception in §790.115(2)(a)(3) for purposes of student and campus parking privileges.

● A student shall not be subject to mandatory expulsion proceedings if it is determined by the Superintendent or the School Board (1) that the student was unaware he/she was in possession of the weapon or firearm, or (2) the student immediately returned the firearm or weapon to the person who gave it to him/her, or (3) if the student took the weapon or firearm to a staff member or was in the process of taking it to a staff member.

- Any threat, regardless of the location from which it is made, to throw, project, place or discharge any destructive device with intent to do bodily harm to any person or with intent to do damage to any property of any person, or the making of a false report with intent to deceive, mislead, or otherwise misinform any person, concerning the placing or planting of any bomb, dynamite, or other deadly explosive or concerning the use of firearms in a violent manner involving school or school personnel's property, school transportation, or a school-sponsored activity.

Note: Simulating a firearm or weapon while playing or wearing clothing or accessories that depict a firearm or weapon or express an opinion regarding a right guaranteed by the Second Amendment to the United States Constitution is not grounds for disciplinary action or referral to the criminal justice or juvenile justice system under Section 1006.07 or Section 1006.13, Florida Statutes. Simulating a firearm or weapon while playing includes, but is not limited to:

1. Brandishing a partially consumed pastry or other food item to simulate a firearm or weapon.

However, a student may be subject to disciplinary action if simulating a firearm or weapon while playing substantially disrupts student learning, causes bodily harm to another person, or places another person in reasonable fear of bodily harm. The severity of consequences imposed upon a student, including referral to the criminal justice or juvenile justice system, must be proportionate to the severity of the infraction and consistent with district school board policies for similar infractions. If a student is disciplined for such conduct, the school principal or his or her designee must call the student's parent. Disciplinary action resulting from a student's clothing or accessories shall be determined pursuant to Policy 7.209 unless the wearing of the clothing or accessory causes a substantial disruption to student learning, in which case the infraction may be addressed in a manner that is consistent with district school board policies for similar infractions.

Any item that may not be possessed or used by a student under this policy shall be confiscated by the principal. If appropriate, the prohibited item shall be given to the proper law enforcement agency. Otherwise, if possession of the item is legal, the item shall be given to the student's parent or guardian after the conclusion of all disciplinary action against the student. If the Superintendent after reviewing the particular circumstances, determines that the behavior poses a serious threat to school safety, the Superintendent shall recommend expulsion of the student to the School Board.

Zero Tolerance Criminal Referrals. All actions which are determined by this policy to be serious threats to school safety, shall be reported to law enforcement.

This zero tolerance policy does not require the reporting of petty acts of misconduct and misdemeanors to a law enforcement agency, including, but not limited to, disorderly conduct, disrupting a school function, simple assault or battery, affray, theft of less than \$300, trespassing, and vandalism of less than \$1,000.00.

Out-of-School Suspension.

A student may be suspended from school by the principal or his/her designee for violation of any behavior qualifying for Major Disciplinary Measures. Bus Suspension or Expulsion

A student may be suspended or expelled from district approved transportation by the principal or his/her designee for violation of any behavior qualifying for Major Disciplinary Measures. A good faith effort shall be made by the principal or his/her designee to employ parental assistance or other alternative measures prior to suspension or expulsion except in the case of emergency or disruptive conditions which require immediate suspension or expulsion. During the period of suspension or expulsion, it is the responsibility of the parent or legal guardian to provide transportation to and from school for the student.

Determination of Out-of-School Suspension or Bus Suspension. To determine whether out-of-school suspension or bus suspension is appropriate and to decide the length of suspension, the principal or his/her designee shall review the student's individual record and consider:

1. The facts and the seriousness of the conduct leading to consideration for suspension;
2. The student's age, grade and past disciplinary record; and
3. Possible effectiveness of other forms of discipline in correcting behavior.

Procedures for Out-of-School Suspension or Bus Suspension. The following procedures shall be utilized in suspending a student, including those instances in which there is also a recommendation for expulsion to the Superintendent.

1. The principal or his/her designee may suspend a student only in accordance with the rules of the School Board.

3. Each suspension and the reasons for the suspension shall be reported in writing within 24 hours to the student's parents or legal guardians by United States mail, or by hand delivery. The notice shall contain:
 - A. The nature of the offense;
 - B. The date of the offense, beginning date of suspension, and the date on which the student may return to school; and
 - C. Any conditions involving suspension, such as reduction of the suspension following a conference and assurance from the student of a change in attitude.
4. Each suspension and the reasons for the suspension shall be reported electronically within 24 hours to the Superintendent.
5. At a conference, the student shall be given both oral and written notice of the charges and given an opportunity to present his/her side of the story prior to suspension.
6. The principal may temporarily suspend a student prior to a conference when, in his/her judgment, the safety or health of students, staff or other persons in the school may be threatened by the continued presence of the student. When temporary suspension is necessary, the principal shall inform the parents or legal guardians by the most rapid means (including telephone). As soon as feasible under the circumstances, the principal shall hold

a conference with the student or parents or legal guardians.

7. Upon request, the parents or legal guardians will be given an opportunity for an informal hearing with the principal or his/her designee within 48 hours of the request (excluding Saturday, Sunday and school holidays).

Out-of-School Suspension on the Basis of Felony Charges Off School Property.

Any student formally charged with a felony, or with a delinquent act which would be a felony if committed by an adult, by a proper prosecuting attorney for an incident which allegedly occurred on other than public school property, and that incident is shown, in an administrative hearing with proper notice to the parents or legal guardians, to have an adverse impact on the educational program, discipline or welfare of the school in which the student is enrolled, shall be subject to suspension in accordance with §1006.09, Fla. Stat. until determination of the case by a court of competent jurisdiction. Any student who is suspended as a result of such proceedings may be suspended from all classes of instruction on public school grounds during regular classroom hours for a period of time, which may exceed ten (10) days, as determined by the Superintendent. Such suspension shall not affect the delivery of educational services in a daytime alternative education program, or an evening alternative education program, where appropriate. If the court determines that the student did commit the felony or delinquent act which would have been a felony if committed by an adult, the School Board shall have the authority to expel the student, provided that expulsion under this subsection shall not affect the delivery of educational services to the student in any residential, nonresidential, alternative, daytime, or evening program outside of the regular school setting. Any student who is subject to discipline or expulsion for unlawful possession or use of any substance controlled under Chapter 893 of the Florida Statutes may be entitled to a waiver of the discipline or expulsion in accordance with § 1006.09(2)(a)-(b), Fla. Stat.

Procedures for Out-of-School Suspension on the Basis of Felony Charges Off School Property. The following procedures shall be utilized by the principal in instituting and conducting an administrative hearing in the suspension of a student on the basis of felony charges:

1. Upon receiving proper notice from the State Attorney that a student has been formally charged with a felony, the principal shall immediately notify the parents or legal guardians of the student, in writing, of the specific charges against the student and of the right to a hearing prior to disciplinary action being instituted under the provisions of §1006.09, Fla. Stat.
2. Such notice shall stipulate a date for the hearing which shall be not less than two (2) school days nor more than five (5) school days from postmarked date, or delivery, of the notice and shall also advise the parents or legal guardians of the conditions under which a waiver of suspension may be granted, as prescribed in subsections (2) (a)-(b) of §1006.09, Fla. Stat. Pending such hearing the student may be temporarily suspended by the principal.
3. The hearing shall be conducted by the principal or his/her designee, and may be attended by the student, the parents or legal guardians, the student's representative or counsel, and any witnesses requested by the student or the principal.
4. The student may speak in his/her own defense, may present any evidence indicating his/her eligibility for waiver of disciplinary action, and may be questioned on his/her testimony. However, the student shall not be threatened with punishment or later punished for refusal to

testify.

5. In conducting the hearing, the principal or his/her designee shall not be bound by the rules of evidence or any other courtroom procedure, and no transcript of testimony shall be required.
6. Following the hearing, the principal shall provide the student, parents or legal guardians, and Superintendent or his/her designee with a decision, in writing, as to whether or not a ten (10) day suspension will be made. In arriving at this decision, the principal shall consider the conditions prescribed by subsection (2) (a)-(b) of §1006.09, Fla. Stat., under which a waiver of suspension may be granted, and may grant such a waiver when he/she determines such action to be in the best interests of the school and the student. The principal shall have authority to modify the decision to either grant or deny a waiver, at any time prior to adjudication of the student's guilt by a court, provided that any such modification adverse to a student shall be made only following a hearing conducted in accordance with this rule.
7. Any student who is suspended as a result of such proceedings may be suspended from all classes of instruction on public school grounds during regular classroom hours for a period of time, which may exceed ten (10) days, as determined by the Superintendent or his/her designee. If the suspension is extended beyond ten (10) days by the Superintendent or his/her designee, the student will be enrolled in an alternative education program pending adjudication of guilt.

In addition to the locations listed above, IEP teams may also consider St. Andrew and New Horizons Learning Center as options for ESE students. Regardless of the school chosen, if a change of placement occurs, the IEP must be rewritten.
5. Students who are administratively placed remain eligible for extra-curricular activity in accordance with School Board policy 8.801. 6. A placement letter will be mailed from the Superintendent or his/her designee to the student's parent/guardian informing him/her of the student's change in placement.
7. Students will have ten (10) school days from the date of the placement letter to the

If granted, the student will be allowed to return at the beginning of the next academic semester following a reentry meeting to be held at the receiving school where a behavior contract may be initiated.

Alternative Placement in lieu of Expulsion.

Initiated by the principal and approved by the Superintendent or his/her designee, the intent of this placement is for students who have committed an offense qualifying for Major Disciplinary Measures (as defined in School Board Policy 7.203).

1. If the Alternative Placement in lieu of Expulsion is accepted by the student and parent/guardian, the receiving school must enter into a Behavior Contract. The Contract shall place the expulsion process in abeyance pending the student's successful completion of the Alternative Placement in lieu of Expulsion. If the Alternative Placement in lieu of Expulsion is not accepted, expulsion proceedings will be initiated.
2. The length of alternative placement will be as follows, based on the original incident date:

In any case, the principal or his/her designee shall conduct an investigation into the charges and shall obtain written and signed statements from any witness(es) immediately after the incident. A tape recorder may be used to record any proceedings with parents, legal guardians or students that could lead to a recommendation of expulsion. When a student is recommended for expulsion, the following procedures shall be observed.

Upon receipt of the notice of suspension and recommendation of expulsion, the Superintendent, if he/she concurs in the recommendation for expulsion, shall notify the parents or legal guardians by certified mail with a return receipt requested or by hand delivery, stating that the School Board will meet at a specified time and place to hear the charges and to act on the expulsion recommendation. The parents or legal guardians shall be fully advised that they will be given an opportunity to appear before the School Board during the hearing. The principal and his/her designee shall also be informed as to the time and place of the hearing. Where such an extension of a suspension is made by the Superintendent, he/she shall notify the parent or guardian in writing prior to the expiration of the suspension assigned by the principal. Such notice shall state the period of time for which the additional suspension is made. A copy of the notice of the additional suspension shall be sent to the principal.
3. The length of the expulsion period will be recommended by the Superintendent and must be approved by the School Board. 4. Once recommended for Expulsion, all eligibility for extra-curricular activity is forfeited regardless of the child's educational setting. Eligibility to participate in extra-curricular activity is restored upon completion of the original terms or length of the expulsion period. 5. After completion of the expulsion period, the student will be allowed to return at the beginning of the next academic semester following a reentry meeting to be held at the district office where a written reentry plan must be developed prior to the return of an expelled student to the school program. Each plan is to be developed in cooperation with all parties involved, including the student and parent/guardian.

Expulsion Re-Hearing Procedures.

After a minimum of 180 school days or at the Superintendent's discretion, the student and parent/guardian may request in writing to the Superintendent that he/she recommend to the School Board a modification of the expulsion order based upon the student's behavior and academic progress (if applicable) during the expulsion period. All requests for modification of the expulsion order must go through the Superintendent.

If granted, the student will be allowed to return at the beginning of the next academic semester following a reentry meeting to be held at the district office where a written reentry plan must be developed prior to the return of an expelled student to the school program. Each plan is to be developed in cooperation with all parties involved, including the student and parent/guardian.

Additional information is available in the "Florida Department of Education District Implementation Guide for Section 504 (504 Guide)" or the "Special Programs and Procedures for Exceptional Students (SP&P)," adopted by the Board pursuant to Section 1.103 and hereby incorporated by reference as a part of the Rules of the Bay County School Board.

Suspension of Students with Disabilities.

The principal may suspend a student with disabilities for a period of time not to exceed ten (10) school days (or an accumulation of ten (10) school days within a school year) without the provision of a free and appropriate public education. Appropriate due process shall be observed, except in emergency situations in which a student's presence poses a continuing danger to persons or property or represents an on going threat of disruption to the academic process.

When a bus incident occurs, a student with disabilities may be suspended from the bus. It is the principal's responsibility to ensure that a bus suspension will not interfere with the student's access to a free and appropriate public education.

Following procedures outlined in the 504 Guide or the SP&P Manual, the school must conduct a functional behavioral assessment and develop a behavioral intervention plan. This must occur no later than ten (10) business days after removing the student for more than ten (10) school days in a school year. If the student has a behavioral intervention plan, the 504/IEP Team shall meet to review the plan and consider modifying the plan to address the behavior.

Suspension After Accumulation of Ten Suspension Days. At such time that accumulated suspensions exceed ten (10) days within a school year and a pattern of removal has been determined, the principal shall convene the 504/IEP Team and include the principal or his/her designee. This Team shall review the student's program and conduct a manifestation determination meeting to determine whether or not the student's disability is a precipitating factor in the disciplinary infraction.

If the 504/IEP Team determines that the student's behavior is related to the student's disability, then using procedures outlined in the 504 Guide/SP&P, the Team will amend the student's Plan to address the behaviors.

If the 504/IEP Team determines that the student's behavior is not related to the student's disability, the Team shall document the rationale for this decision in a manifestation determination meeting. In this case, procedures for disciplinary action will follow its regular course of action, as designated in School Board Policy 7.203. Parents must be informed of this decision. In no case will services cease for a student with a disability.

Expulsion of Students with Disabilities. If the student to be expelled is a student with disabilities, the following procedures from the 504 Guide/SP&P must be followed. Instances in which students with disabilities engage in behavior that could warrant expulsion action are described in School Board Policy 7.203.

1. Expulsion of an identified student with disabilities constitutes a change in educational placement and may not be an exclusion from educational services.
2. When a principal plans to recommend expulsion for a student with disabilities, the Superintendent or his/her designee shall be notified that a 504/ IEP Team meeting will be held. The Team shall meet to determine whether the student's misconduct is a manifestation of his/her disability.
3. The 504/IEP Team shall determine the relationship of the student's behavior to the student's disability and amend the Plan to provide the alternative placement and/or programming. In no case may the District cease provision of educational services.
4. Policies and procedures for conducting 504/IEP meetings and providing procedural safeguards to parents or legal guardians of students with disabilities consistent with Fla. Admin. Code R. 6A-0331(3) apply to this meeting.
5. A copy of these policies and procedures shall be given to parents or legal guardians of students with disabilities at eligibility and 504/IEP manifestation determination meetings.

Disciplinary Decision Appeal Procedures.

A disciplinary decision of a teacher may be appealed to the principal. The principal's decision may be appealed to the Superintendent or his/her designee. An electronic copy of the decision and notification of the right to appeal shall be furnished to the student, parents, or legal guardians via Parent Portal. The student, parents, or legal guardians shall have five (5) working days from receipt of notification of the disciplinary decision to appeal.

Beginning 2012–2013, Bay District schools will allow the use of personal electronic mobile devices during specified times. Students will be allowed to bring their own device (BYOD). High schools will be allowed to participate in this initiative beginning with the 2012-2013 school year. Middle and elementary schools will be allowed to use personal electronic mobile devices when wireless infrastructure is available at the school location. BYOD access will be granted only after teachers have participated in BYOD professional development and with the approval of the Superintendent and principal.

It is not mandatory for students to bring their own personal electronic mobile devices. When personal electronic mobile devices are used to enhance student learning in the classroom, students without a PEMD will be provided access to an appropriate digital device. Students who choose to bring their personal electronic mobile devices MUST log in and use BDS filtered wireless network during the school day.

NOTE: Students will bring personal electronic mobile devices to school at their own risk. The district WILL NOT be responsible if a phone or other device is lost, stolen, misplaced, damaged, or confiscated. The district WILL NOT be responsible for virus, malware, or other computer related issues associated with connecting to the BDS network.

Beginning 2012–2013, students may utilize electronic mobile devices in the classroom for educational purposes when the teacher deems appropriate and with a signed AUP on file. Middle and elementary students may use these devices before and after school, not during lunch. All students may use devices in the classroom setting with teacher permission and supervision. Use is STRICTLY prohibited for all students during passing periods due to safety issues.

Use of electronic mobile devices during the school day is a privilege. Adherence to the guidelines below is essential to maintaining an academic environment and the integrity of the classroom.

Teachers that wish to allow students to use mobile devices in the classroom must first participate in professional development opportunities provided by the Bay District Schools Instructional Technology Department.

ELECTRONIC MOBILE DEVICE GUIDELINES

- Using functions on electronic devices that disrupt the educational environment, from within or from outside the classroom, or violates the rights of others, including, but not limited to using the device to cheat, violate school conduct rules, harass or bully staff or students or use their device for unlawful purposes will be subject to disciplinary action; up to and including suspension, expulsion, and being reported to local authorities.
- Cell phone conversations during instruction or class time should take place only under the supervision of staff personnel unless otherwise directed.
- Using any device that permits recording voice or image of another in any way that disrupts the educational environment, invades privacy of others, or is made without prior consent of individuals being recorded is **prohibited**. Also, using any device that permits recording voice or image of another to take, disseminate, transfer, or share audio, images, video, or photos that reveal private parts of the body that are ordinarily covered by clothing is **prohibited**. The possession of pornographic images or video on any electronic device is **prohibited**.
- Students must comply with staff directives, including but not limited to, using appropriate device volume. When in use, devices must be on vibrate or silent mode so that no audible tone is heard.

PEMDs misused in accordance with this policy shall be confiscated from the student and only returned to the student's parent upon notification from the school office. Continued misuse of PEMDs may subject the student to disciplinary action, as determined by the principal. Use of a PEMD will subject the student to the possibility of the imposition of disciplinary action by the school or criminal penalties if the PEMD is used for the purposes of a criminal act.

Parents may request special permission for their student to use cellular or satellite telephones if the parent has requested such use in writing to the school principal and has provided a physician's statement that provisions for immediate medical needs are necessary. If such permission is granted by the principal at the principal's discretion, the cellular telephone will be

placed on “vibrate” so not to disturb other students. Misuse of the cellular telephone under these circumstances will subject the student to disciplinary actions, as determined by the principal.

STUDENT DETENTION, SEARCH, AND SEIZURE (School Board Policy 7.204).

Any member of the instructional or administrative staff may temporarily detain and question a student when there is reasonable suspicion that the student has committed, is committing, or is about to commit a violation of law or School Board policy. No student shall be temporarily detained longer than is reasonably necessary. Such temporary detention shall not extend beyond the place where it was first effected, or the immediate vicinity thereof. Searches should be conducted discreetly and with an eye toward causing the least amount of embarrassment to the student as possible.

If reasonable suspicion exists, including proper identification by a drug detection dog and its trainer, that a student is concealing or has concealed stolen, prohibited, or illegally possessed substances or objects (contraband) on his/her person, within his/her locker or other storage place, or vehicle owned or operated by the student, then the principal or a school employee designated by the principal may search the student, his/her locker or other storage space, or his/her vehicle owned or operated by the student. Student searches and questioning should be conducted and witnessed by school officials of the same gender as the student.

If the search reveals prohibited, or illegally possessed substances or objects (contraband), such property shall be seized and, when appropriate, turned over to law enforcement authorities.

Any prohibited, illegally possessed substances or other contraband found to be in the possession of students shall be confiscated by the principal and turned over to appropriate law enforcement personnel.

Each principal shall place a sign within the school, in a place readily seen by

students, which shall contain the following text: Notice to Students

"Student lockers, other student storage spaces provided by the school system, and student vehicles are subject to search by school authorities at any time, upon reasonable suspicion, for prohibited or illegally possessed substances or objects."
